

Dear Parents & Carers

As a final newsletter to you all, I would like to extend my thanks to all parents, carers, students, staff and Governors, past and present, with whom I have worked whilst at the College.

I have been at the Bourne Community College since 2001, but originally arrived in 1990 as a young French and German teacher. Throughout my time here, there has always been a strong feeling of being a community College, which has meant us working together to make the school and local community stronger and ensure our young people have the best opportunities possible to help them grow through their teenage years and prepare them for their next steps and in the future.

The uniqueness of this school has always been the people who work in it and I have been fortunate to work with amazing staff over the years. It has been a privilege to work here and especially to have been the Head.

My particular thanks go to you as parents and to your amazing children who I have been able to watch grow and develop over the years into wonderful young people I will take many fabulous memories with me of the students who have travelled through the school and the great adventures and experiences we have had together. I wish all the Bourne students the very best for the future and whatever that may bring.

Kindest regards
Yvonne Watkins
Head teacher

Year 10 River Fieldwork

Year 10 Geography students used their double lesson to great effect yesterday by walking for 30 minutes to a stretch of the River Ems in neighbouring Westbourne village to conduct river fieldwork. Students measured the width of the river, the depth of the river across the cross section and river velocity using tennis balls and stop watches. This has all helped their understanding of rivers as this is a topic which they are currently studying and is also one that is prominent in Paper 1 Physical Geography exam.

Mrs James
Leader of Humanities

Hard-Boiled History Egg Competition

Bourne Community College's History department had organised a Hard-Boiled History Egg Competition. Despite the egg shortage, they have had some fantastic entries. Check out some of the student's incredible creative ideas!

Mrs McGarry
Assistant Leader of Humanities

Year 10 Reward Brunch

Mr Pragnell's year 10 group were rewarded with a brunch as a thank you for working incredibly hard, showing determination and focus throughout their lessons this term.

Well done Year 10!

Mr Pragnell
Teacher of English

English Theatre Trip

Last term, Mrs Moore and the English team took students out on a number of trips to enrich their experience of the English Curriculum. One trip was a visit to the most awarded West End play in Olivier Award history at The Palace Theatre in London to see both parts of 'Harry Potter and the Cursed Child'. Students enjoyed an all-day adventure where they experienced the entire show at a very competitive price as well as various sights around London including: Chinatown (a lovely link to our Chinese New Year celebrations in school), street performers, the Swiss glockenspiel clock and the statues of famous characters or figures such as Mary Poppins in Leicester Square. In Leicester Square they indulged in some free time for dinner before heading back to the theatre. The English department were thrilled with the enthusiasm and conduct of our students and were glad to have been able to help them access the cultural content that they gained from joining us on this trip.

Another trip was taken to see *The Tempest* by William Shakespeare at The Globe Theatre with our Year 7 students. This was a trip linked to their topic of 'The Enchanted Island' (an adaptation of *The Tempest* by Ian Serraillier). Students had a wonderful time travelling by train from Chichester Station and walking to the theatre from London Bridge. Students were able to sit in the seated area of the theatre looking directly at the stage.

They laughed, clapped and enjoyed the staging, costumes and Shakespearean dialogue within the performance. Students represented the school extremely well and some enjoyed their first trip to London ahead of the up-and-coming residential trip.

Other trips by other members of the English team include a number of trips to Chichester Harbour for a creative writing workshop experience.

Thank you to all parents and staff who have supported our trips this year so far and the English team look forward to providing more enriching opportunities for our students in the future.

Year 10's Dell Quay Writing Workshop

On Thursday 27th April, Mrs Hutchins and Mrs Farley took a group of Year 10 students out to Dell Quay to experience the local harbour and complete a writing workshop. Although the weather was a little grey, this did not hinder the natural beauty of the area and it was a real treat to be out of the classroom and experience nature as intended. As we walked through Dell Quay and surrounding areas, students learnt about the cost of human impact on these natural sites as well as how we need to spread the word of 'The Countryside Code' before we lose these areas altogether. We then went back to the classroom at Chichester Harbour Educational Centre for a bit of lunch.

During the afternoon session, we all revised and fine-tuned our persuasive writing skills discussing key language devices and how we could create clear ethos, logos and pathos within our writing before embarking on writing an article for the local community about how we treat our areas of outstanding beauty and what we should do to help. All students produced some powerful and thought-provoking pieces which argued their points of view and gave them a chance to put their voice out there. A great day was had by all!

Mrs Hutchins and Mrs Farley

Design & Technology

Green Power At Goodwood

Our Year 9 and 10 STEM students had an incredible time racing at the Greenpower event at Goodwood.

Miss Newman
Leader of Design & Technology

Easter Bakes Challenge

Food & Nutrition ran an Easter bakes challenge. Check out some of the year 9's fabulous creations!

Miss Quinn
Leader of Food & Nutrition

Year 9's West African Cuisine

Year 9 Food & Nutrition students got to experience West African cooking with their jambalayas.

Miss Quinn
Leader of Food & Nutrition

Year 8's Creative Pizzas

Year 8 Food & Nutrition students got creative with their pizza making. This was part of their practical assessment, check out how incredible they look!

Miss Quinn
Leader of Food & Nutrition

Year 8's Fudge Reward Lesson

Year 8 Food & Nutrition students have made some amazing biscoff fudge as part of their reward lesson.

Miss Quinn
Leader of Food & Nutrition

Year 8's Katsu Curry

Year 8 Food & Nutrition students made Katsu curry and the reviews were great!

Miss Quinn
Leader of Food & Nutrition

Year 10's Chocolate Tarts

Year 10 excelled in their practical assessment making chocolate tarts!

Miss Quinn
Leader of Food & Nutrition

Year 7's Anzac Biscuits

Year 7's had a lot of fun making Anzac biscuit, they came out perfectly and impressed us all!

Miss Quinn
Leader of Food & Nutrition

Year 10 Dance House

The Year 10 BTEC Dance group performed at the latest Dance House event at The Alexandra Theatre in Bognor Regis. The performance was outstanding, and the group really did themselves proud. An incredible performance, well done Year 10!

Comments from some of our students:

“On our course so far, we have been studying different choreographers and learning about their work. We have used this knowledge to help us create the piece we are performing”.

“This piece uses our new skills in addition to following a story through movement. This story begins with showing how people look on the outside, but the second half of our piece shows how everyone has a strong warrior inside them”.

“We have really enjoyed working on this piece as we have been able to express ourselves fully. Everyone has an inner warrior, and we hope you can see ours tonight”.

Miss J Ward
Leader of PE and Dance

THE PE DEPARTMENT NEEDS YOUR HELP.

The Enthuse Project

Southbourne B Visit 21st March

Southbourne came with Miss Duncan, The students took part in a chemistry lesson to find the most fuel concentrated crisp from frazzles, onion rings and wotsits.

The students were new to burning, health, and safety in a science lab but they listened well and managed to follow all the rules effectively. The idea of independent and dependent variables and fair test were discussed so that the outcomes could be compared like for like. There were mixed results and it was decided that more lab practice was needed. Ultimately, the onion ring earned its place as the unhealthiest food! Containing the most calories.

The students then moved to micro bits and coding practice where each student designed a tune on the micro bit and were tasked to set them off from a button press. The outcome was a micro bit orchestra which could not be described as melodious!

Mr Ellis

Bosham Visit 18th April 23

Bosham Primary school attended Bourne Community College on Tuesday 18th April 23, with the year 5 students. They enjoyed a STEM afternoon which started with micro bits, this rotation the students extended their understanding gained in the first session of sequential and selective programming, to include a control program initiated by an input to draw shapes with a robot. The students successfully remembered the skills that learnt in the last rotation and worked cooperatively to achieve the tasks. The students then went onto science where they learnt about magnification and microscopes. The students were successful in naming parts of the microscope and giving the uses of selected parts. They then went on to look at plant cells under the microscope and work out the magnification of what they were seeing using the objective lens and eye piece.

This was a fun afternoon had by all including the primary school teachers and support staff.

Mr Ellis

Westbourne Visit 25th April 2023

On 25th April 2023 Westbourne primary school visited Bourne Community College and extended their knowledge of programming. Today's task required them to create a micro bit orchestra using an input to set off a sequential programme all at the same time. So that all of their musical inputs could create music at the same time. They progressed to using the input to set off a robotics programme attempting to make the robot drive round a square shape.

This led onto science where students began to understand the application of magnification to look into the micro world of cells and cell structure. They created slides of onion cells and implemented the concept of staining to create contrast and improve their view.

Mr Ellis

Funtington - 2nd May 2023

On Tuesday 2nd May 2023, Funtington primary school attended Bourne Community College for the first time with their year 5 students.

They enjoyed an afternoon of STEM activities focusing on Science and Digital Technology. They were investigating robots to discover how far they travelled depending on changes in their program, they learnt how to download programs from the computer to the microbits.

They went on to science where they were able to identify and label the keywords of a microscope, before being able to recall how to work out the total magnification of an object using the eyepiece and the objective lens.

Fun was had by all.

Ms Maz Perry
Enthusiast Administrator.

Westbourne Visit 25th April 2023

On 25th April 2023 Westbourne primary school visited Bourne Community College and extended their knowledge of programming. Today's task required them to create a micro bit orchestra using an input to set off a sequential programme all at the same time. So that all of their musical inputs could create music at the same time. They progressed to using the input to set off a robotics programme attempting to make the robot drive round a square shape.

This led onto science where students began to understand the application of magnification to look into the micro world of cells and cell structure. They created slides of onion cells and implemented the concept of staining to create contrast and improve their view.

Ms Maz Perry
Enthuse Administrator.

Southbourne A visit 16th May

The year 5 students started with Mr Ellis completing micro bit coding to create a tessellation design through the robots. This was an extension for the student's introduction to micro bits from their last visit. All students were able to program a robot, but issues were had with the coding properties that the students were using. This led onto science with Ms Perry where they were using their scientific knowledge to understand the different separating techniques. The students achieved filtration and evaporation in the classroom today by separating rock salt and evaporating the water to achieve a tessellated crystal salt formation. The students enjoyed for the first time lighting their own Bunsen burner using a splint.

Ms Maz Perry
Enthuse Administrator.

The's Charity Group

Off The Record Cake Sale

Students at The Bourne have amazed us once again with their generous donations to The Chichester Food Bank. Even when given short notice our students show great determination to help better our local community and those in need. A big thank you to all those who contributed!

Mr Harper

Charity Foodraiser

Bourne Community College's year 9 student council have organised and collected food donations as part of a Foodraiser for Stonepillow. A huge thank you to all who have been involved and have helped to make a difference!

Mr Harper

New Life Church Donation

Bourne Community College students received care packs donated to us by the New Life Church in Emsworth. A special thanks to Esther Ellis who organises this for our students and always thinks of us. To mark mental health week, we have given the care packs to students who may have struggled themselves with emotional wellbeing, who are kind and caring to others and some who may need a little 'pick me up' treat.

Year 9 Council Foodraiser

The Year 9 Council helped to deliver the food collected at the end of the Spring Term to Stonepillow. Henry and Ollie were incredible as they loaded many of the generous donations on to the van with the help of Mr Harper and Miss Taylor!

Mr Harper

PSHE & Careers

Careers Fair

Our annual Careers Fair took place on Tuesday 9th May, when all year groups had time to engage with many local businesses, discuss opportunities in the Army or Navy, talk about apprenticeships with Rolls Royce Motor Cars, and seek advice from Chichester College and the University of Chichester on choices for the future. It was a really exciting event, and the quality of questions asked by our students was outstanding. A huge thanks to all the businesses who gave up their time to come and inspire our students!

10 Tips to Stay Calm on Exam Day

From Oxford Open Learning

Before the exam:

1. Look forward, not backwards – focus on what you do know and not on what you don't.
2. Look after yourself – sleep, exercise, eat/drink.
3. Be prepared – use revision techniques.
4. Practice your exam technique – use past papers.
5. Practice Mindfulness – to support your relaxation and positive thinking.

During the exam:

1. Learn to calm yourself down – close your eyes and breathe deeply, tell yourself you can do this.
2. Be strategic – be mindful of time and where you can pick up the most marks.
3. Stay positive – you can only do your best.
4. Annotate your question paper – underline keywords, note ideas to help your thoughts to flow.
5. Stay focused – focus on yourself and your exam, not others around you.

You've got this!

Wellbeing Newsletter April/May 2023

Social Pressures at Exam Time:

<https://www.youtube.com/watch?v=c7tMgcUGwVM>

Dear Students, we hope you are well. With GCSE exams on the horizon, we thought it would

be helpful to re-visit the topic of **Exam Stress**.

As you are aware, Exam stress can affect anyone. You may be feeling pressured from school or home to get the grades you need, you may be worrying about doing enough revision, or you may be setting yourself completely unrealistic targets and placing lots of pressure on your self.

www.the-mix.org advise regarding exam stress as a

Positive Force

to keep you on your toes mentally and force you to focus on the task in hand. Give it a try.

Supporting your child to beat exam stress.

Top Tips

- **Look for signs of stress**, it can present differently in everyone (e.g. sleep, eating, headaches, no longer enjoying things they used to). Ask them what you can do to help.
- **Talk about stress/nerves** – remind them it is normal and to put their nerves to positive use.
- **Maintain a healthy routine** – healthy by/fast, planning support – pens etc.
- **Try not to add pressure** – reassure, be positive, give encouragement and put into perspective; you are proud of them 'no matter what'.
- **Be available to Listen** – they may not want to talk, don't pressure them but be available. A walk or drive in the car may help.
- **Unwind after exams** – watch a film together, enjoy a favourite meal etc.
- **Seek additional support if you are concerned:**

Young Minds Parent Line – Family Lives – Childline
MIND – Leader of Year

Dear Parents and Carers, welcome to the April/May Wellbeing Newsletter.
We hope you are well.

For those of you with a child in year 11, you are only too aware that GCSE exams can be a challenging time for young people, and many young people can feel worried and stressed in the lead up to their exams. As parents and carers, it can be difficult to know what we can do to support them. We thought it may be helpful to include some tips in the newsletter on supporting your child during their exams - Place2be.org.uk

www.familylives.org.uk

If you're in financial crisis and live in England or Wales, please call **0808 2082138** for free (open Monday to Friday, 9am-5pm) to talk confidentially to a trained **Citizens Advice** adviser.

What we can offer you

Interactive short-course for parents of school-aged children, helping you to do your best parenting in this time of uncertainty, guided live by best-selling author Kim McCabe.

Free for parents in West Sussex
until March 2023 (subject to availability)

Is this for me?

- **Is this for Dads too?**

Absolutely. Dads are welcome and encouraged.

- **I've a son aged 5, and daughters aged 8 and 15, is this course for me?**

You will learn tools you can put into immediate use whatever your child's age or gender.

- **Will recordings be available afterwards?**

No, sessions are live, interactive and confidential so we won't record them.

- **How can I contact the organizer with questions?**

For more information about this course, Kim McCabe or her book, please email ukadmin@ritesforgirls.co.uk

"Just do it! Kim's the best, down-to-earth and not preachy"

Mother to toddler and teen and two inbetween

"I got exactly what I came for, and more"

Dad to 10 year old

Eye-opening and supportive. Worth every minute."

Mum to boys, age 6 and 8

"It's made me a better mum. I want more!"

Mum to teen girls

"I'm still getting so much support from the others in my group too."

Single parent of girls, 10 and 8

Who is Kim McCabe?

Kim McCabe, author of 'From Daughter to Woman' and founder director of Rites for Girls CIC specialises in guiding parents. She draws on thirty years experience of working with preteens and teens, of advising parents, and lessons she learned from her own mothering journey with two boys and a girl.
