

KS3 Geography Learning Journey

Year 9

Hazards

Nepal 2015 Earthquake V
Chile 2010 Earthquakes,
Tropical Storms (Typhoon Haiyan)

Extreme Weather

Weather in the UK, Flooding in Somerset, Beast from the East.

Climate Change

How the Earth's temperature is rising, causes, consequence and evidence.

UK Landscapes

Rivers and Mountains of the UK, Physical and human geography and Mapping.

Coasts

How do coastal processes create landforms?

Unequal World

Looking at Urbanisation, Globalisation, The Development Gap, Asia and Population

Sustainability

Sustainable living, Renewable Energy, BCC Eco study fieldwork

Natural Hazards

How Volcanoes are formed and learning about super volcanoes

Natural Hazards

Types of Natural Hazards, Plate Boundaries, Measuring and Predicting Earthquakes

Unequal World

Comparison of wealth across the world, Focus on Nigeria and the city of Lagos.

Year 8

Weather

Measuring weather, types of clouds, rainfall, forecasting, microclimates and a fieldwork investigation.

Ecosystems

Biomes, Deserts, Savannah, Arctic, Antarctica, Climate Graphs, **Tropical Rainforests.**

Our Island

What the population of the UK is and a study of our rivers, coasts, landscapes and food.

Year 7

Fantastic Places

Practicing skills including how to conduct fieldwork use Geographical skills, map skills and keywords.

Impossible Places

Looking at specific places around the world and their physical and human Geography
